

Kaptio

HYfa]bU`Zcf`H/ 5`5ddg

Windows®

Why Kaptio?

1 Fast and Powerful Platform
Android, Linux or Windows® OS with large capacity to store logs and applications.

2 7" Capacitive Touch Screen
Large, High-Resolution Touch Screen for an intuitive user experience with anti-fingerprint protection.

3 RFID card reading
It is compatible with ISO 14443 cards such as Mifare, Desfire, Ultralight C. Support for cards with biometric data (ToC - Template on Card).

4 Secure Biometric Identification
It conforms to ISO19794-2 and ANSI 378 Standards and features 256-bit AES fingerprint Data Encryption to ensure a correct ID checking.

5 Secure and Versatile Network Connection
It supports versatile communication interfaces from TCP/IP to wireless WiFi and BT.

6 Easy Wall Mounting
It has been designed for direct wall installation and it includes a stainless steel bracket
